

SOUTHSTAR37

Coastal Cruising Vessel

"The Southstar37 cleverly combines traditional styling and a certain degree of minimalism, yet has been injected with the benefits of some of the latest technologies."

CLUB MARINE MAGAZINE

A timeless but eye-catching design, combining high-tech composite construction with varnished timber and classic lines. Southstar37 offers excellent interior volume that gives spacious living for couples and their guests, or for a family, and a layout that encourages easy, relaxed socialising, with flexible spaces, and excellent visibility.

The versatility of using outboard, inboard diesel through shaft drive, stern-leg or jet powered options allow each owners personal requirements to be met while maintaining peak performance.

SOUTHSTAR37

Coastal Cruising Vessel

Out on the water, the Southstar37 is certainly set apart from anything else and appeals to those with a discerning eye for classic style, while still managing to have an injection of modern technology both inside and out. The Southstar37 offers excellent interior volume that gives spacious living and a layout that encourages easy, relaxed socialising, with flexible spaces, and excellent visibility.

The economy and performance of the boats has been tested not only in New Zealand waters but as far afield as Germany and the Mediterranean, where each owner has found total satisfaction with their own choice of powering method. From traditional Yanmar diesel shaft drive, Yamaha 350 V8 outboard, 480hp jet engine, to Volvo 400hp with stern-leg, all achieve great results with this versatile hull design.

For those who desire the luxury of customizing the interior layout of their boats, the Southstar37 offers an abundance of space and options not often found in a boat of this size.

Designed and built by Salthouse Boatbuilders the Southstar37 is the yards flagship power boat and carries with it the culmination of 60 years of knowledge and experience with a passion and pride for building quality designs that last the test of time.
